Fellow Members:

Northwest Chapter has been and will continue to be involved with IPM, Gang Awareness, PEOSH/IAQ Training and Code Compliance to mention a few. Our membership takes pride in the fact that we try to be ahead of the curve in any subject and or item that is of value to all school districts. This is reflective in our speakers and presentations at our meetings which are held at the Homestead Rest Route 94, Sparta N.J. on the 4th Wednesday of each month except July, and August. Meetings are at 9am except for December and June these are at 12pm.

One of our main focus is Green Cleaning, all of our school districts are or planning on it's implementation. We use the following guide in our Green Cleaning procedures regardless of the Green Seal certification:

- Implement use of Green Cleaning Products
- Use Green Equipment and Supplies
- Adopt Green Cleaning Procedures
- Use of Green paper and plastic products
- Shared responsibility
- Communication

These steps are vital to having a successful Green Cleaning program that can handle all of our areas: Floor care, carpet care, disinfectants, specialty cleaners, general purpose cleaners, and restroom products.

Northwest Chapter is proud of our members and associate members in that we really do make a difference in our school districts keeping our children healthy and safe.

We will continue in bringing the best and informative ideas, topics, and solutions to our member base and to share with the rest of the New Jersey School Buildings & Grounds Association

We have a new NWC logo for our members
