Tony Crisafulli - President

ATRA Janitorial Supply Co., Inc.

anthonyjr@atrajanitorialsupply.com

M: (973) 868-5264

Join us for a half-day seminar with leading industry representatives to learn how your district can achieve your top cleaning goals while implementing **GREEN** cleaning actions, **SUSTAINABLE** solutions and utilizing the **LATEST** technologies in cleaning.

Register at: www.atrajanitorialsupply.com

7:30-8:00am - Registration and Breakfast

8:00-8:15am - Introductions

8:15-9:15am - Achieving Sustainability with Green Cleaning Actions, Policies and Goals (1 CEU)

Overview: Establishing green cleaning goals, implementation and how to earn points towards "*Sustainable Jersey For Schools*"

Presenters: Tony Crisafulli - President, ATRA Janitorial Supply Co. & Dana Pawlak - Area Manager, ATRA Janitorial Supply Co.

9:15-10:15am - Best Practices for Cleaning in a Green & Sustainable World (1 CEU)

Overview: The world is changing every day and our approach to cleaning needs to change with it. This program will address the *history*, as well as the *future* of cleaning professionals as the front line of defense for any organization in a "*Green and Sustainable World*".

Presenter: Mark Warner - Education Manager for ISSA's Clean Management Institute (CMI)

10:15-10:30am - BREAK

10:30-11:30am - Merging Technology with Practicality for Clean Buildings (1 CEU)

Overview: Adapting technologies to help us achieve cleaner, greener buildings using software and equipment advancements to help increase productivity and reduce the cost to clean.

Presenters: Rob Glassmeyer - President, I.C.E., Intelligent Cleaning Equipment

11:30-12:30pm - Enhanced Methods for Disinfection for Outbreak Prevention and Control (1 CEU)

Overview: Traditional equipment, time constraints, and labor allocation all contribute to ineffective disinfection processes. This program will address how advanced technology can reduce infections by increasing coverage without adding additional time or labor.

Presenter: Flávia R. da Silva-Benson - Vice President, Earth Safe Chemical Alternatives

12:30-1:30pm - HOT BUFFET LUNCH & Certificates
